Recent Vitals (Last 4 BP Readings)

1. 132 / 84 mmHg
2. 136 / 88 mmHg
3. 141 / 90 mmHg
4. 144 / 92 mmHg (Latest)

Questions for the Doctor:

1. My blood pressure has been rising steadily. Do I need to adjust my medication?
2. My headaches have been frequent this week. Is this related to the BP?
3. I am struggling with sleep and mood. Can we discuss mental health support?

Tidewell does not diagnose. This report aggregates patient self-reported data and vitals.
